

# ぬり絵パッチワーク

*Collaborative Color Patchwork*

十人十色をつなげてみたら、ほら、まるで万華鏡！

*When joined-Look! It's a kaleidoscope of colors!*

ご自由に取り組んでみてください

この表紙作品はパンフレット裏面の3種の塗絵線画で編み込まれています。自由に色を塗り、パッチワークのようにつなぎ合わせてみましょう。偶然のつながりが、独創的なアートを生みだしてくれます。

**Here's your chance to try!**

This patchwork is created by three types of initial line-pattern coming together, as you can see on the last page of this leaflet.

You may color these as you like, and when mounted as per the instructions, these will be transformed magically into an original kaleidoscope.
